Memo to File:

RE: Union Carbide Corporation
Redd Block Four Mine
ACT/037/046

Kent Dahlquist was contacted by Mike Thompson on the morning of October 15, 1979, concerning the objection raised by the landowner of the proposed Redd Block Four Mine, Hardy Redd. As a copy of the objection letter was not yet routed the objections were discussed in general terms.

Mr. Dahlquist was again contacted the following morning and the letter of October 11, 1979 from Mr. Redd was quoted. A copy of Mr. Redd's letter was also forwarded to Mr. Dahlquist from the Division.

Mr. Dahlquist stated that Union Carbide would make an effort to resolve the problem without involving the Board. The only objection that may be unresolved is the 20 acre requirement.
